

Meet the Apprentice

Megan Galloway

Department: Residential Property
Apprenticeship: Business Admin

Tell me about yourself? I am 17 years old, in my spare time I enjoy shopping and socialising. I am usually mostly with my family on my days off.

What made you seek an apprenticeship? I thought to continue my education through an apprenticeship as I like to be hands on when learning, I didn't enjoy college as much as I expected to, therefore thought an apprenticeship would be the best way forward for myself. I was always interested in the legal side of things and was very happy to see Jacksons wanted to employ me.

What do you like about working for Jacksons? I enjoy working for Jacksons as all my colleagues are friendly and approachable. Everyone is there as a helping hand whenever you may need it.

What is your greatest achievement at Jacksons? I have gained confidence in my time working at Jacksons and I fully understand my key roles in my job.

What do you hope to get out of your apprenticeship? I hope to get a qualification in Business Administration from my apprenticeship. Once my apprenticeship has finished, I hope to have the knowledge and opportunity to progress with Jacksons.

What advice would you give to potential apprentices about joining the world of work? My advice to students looking to go into an apprenticeship would be to only go for it if they believe they will enjoy it. If you go into something you don't enjoy, you won't be interested and will not enjoy the world of work.

Would you recommend the apprentice route to others? If you enjoy being hands on and working as a part of a team, I would recommend taking the apprentice route as I personally believe it is all about working together.

If you could travel anywhere in the world where would you go? If I could travel anywhere in the world, I would go to the Maldives.

What is your favourite colour and why? My Favourite colour is black as I believe when wearing the colour, it always looks smart and sophisticated.

If you had to choose your favourite meal what would it be? If I had to choose my favourite meal, I would choose Spaghetti Bolognese.

What luxury could you not live without? I could not live without the luxury of my phone as I use this to keep in contact with my distant family members.
