

Meet the Apprentice

Sam Maprangala

Department: Residential Property
Apprenticeship: Business Admin

Tell me about yourself? When I am outside of work I like to spend time with friends e.g. go out for food, go on drives out etc. I also like to watch a good series if I am not doing anything else. I also like to see family on the weekends as I have a very big family.

What made you seek an apprenticeship? I wanted to go with an apprenticeship because I wanted to gain some kind of qualification whilst I also gained experience.

What do you like about working for Jacksons? What I like about working for Jacksons is that the staff are very friendly and made me feel welcome when I first started.

What is your greatest achievement at Jacksons? When my department was understaffed during my first few weeks of starting I had to do certain tasks that I would not normally have to do so early on.

What do you hope to get out of your apprenticeship? I hope that I gain a better idea about the different careers that are within the legal field as that is something I am interested in for a career.

What advice would you give to potential apprentices about joining the world of work?

The advice I would give is to make sure that the sector of work their apprenticeship will be in is something they have an interest in.

Would you recommend the apprentice route to others? I would yes because you can learn whilst you gain experience which is what other employers look for.

If you could travel anywhere in the world where would you go? I would travel to Kenya if I could go anywhere in the world.

What is your favourite colour and why? My favourite colour is white because it can go with most things.

If you had to choose your favourite meal what would it be? My favourite meal is a Sunday dinner.

What luxury could you not live without? The luxury I could not live without is aftershave.
